

*Get the most out of life- and your budget*

The new Satellite L500 is a 15.6" High Definition LED Backlight Display based laptop. The display contrast and vibrancy on a true widescreen is nice for this machine. Its unsightly black bars are a thing of the past. It has Multimedia Bar with 4 Easy Keys for instant-on entertainment. Use the built-in Webcam and microphone to talk face-to-face with friends and family, join a study group, or to videoconference. Toshiba keeps you in touch.
